Dear Honorable Director Way,

Please notice that the majority of Iran (The Islamic Republic of Iran) are suffering from the lack of food and medication because of the misunderstanding of the United States and IRI. The Iranian Government has been blocked from using more than 10 billion U.S. dollars that are blocked in the American banks for the fear of these funds being abused for weapons. I have a company called Universal Opportunities incorporated that could ensure these funds are used for purchasing American rice, American dried beans, American liquid oils and Perdue halal chickens and American made medications to be exported to Iran without directing the funds to inappropriate purposes.

I could arrange percurrent management that delivery services to Iran with a maximum percentage and delivery services to Iran with a maximum 8% percentage markup value for all the applicable costs.

Upon your approval, I could secure the Islamic Republic of Iran upon such a transaction. Your expedited approval for such a transaction will be greatly appreciated by the Iranian nation due to the current suffering of the Iranian population; where they have the funds that they cannot use.

Sincerely and Peacefully,

Fariboz Frank Fouladi
